PCM Fun Fact

In the 20s, a man by the name of John Ringling came to Sarasota to have his winter home. He and his wife Mabel moved to Sarasota so we now have the Ringling Museum of Art. Their mansion is a part of the property and a lot of the history in the county revolved around this man and what he brought to our area. He started the Ringling Brother Circus in Venice, which is actually South Sarasota County. It became their winter home for the circus when they weren't on the road traveling. There is a trapeze school in South Sarasota County and the winter home for the trapeze circus is no longer here. The legacy of John Ringling is at the museum and there is a great circus museum about to open up with exhibits revolving around the circus. It is a big part of our history.
