

## LETTER TO THE EDITOR

### THANK YOU PROGRESSIVE MANAGEMENT CO.

In November 2008, Hawthorne I Association board of directors voted to change our management company to Progressive, effective January 1, 2009.

As active directors, dealing with different personalities and numerous problems, trying to keep up with the changes in the 718 laws that rule the condominium, is not an easy volunteer position.

We want to thank Progressive for making this difficult job easier. All we have to do is make one phone call and they are there. The entire staff is courteous, considerate and very easy to work with. They can resolve any issues that come up. Hawthorne I Association cannot thank them enough for their prompt and outstanding service.

A big THANK YOU goes to Mike Kemling and Raymond Sieria for their expertise and excellent work in landscaping. You can see their workmanship by looking at Hawthorne H, keeping in mind that it is not completely finished.

Switching to Progressive Management Company was the best decision the Board of Directors has ever made.
